What You Can Ignore, but shouldn't
"The Talk"
Mike Albon

- Evangelism – **sharing** your story, **participating** in someone else's story
- **Anywhere** God chooses to use you, you become a part of someone's story
- The average Christian no longer has a **single significant** relationship with a non-believer.

Moving People Closer to God

- Be careful that your **heart** isn't cold
- Be careful little **feet** where you go
- Be careful little **hands** what you do
- Be careful little **mouth** what you say

You can ignore opportunities to move other people closer to Jesus, but why would you?
