Week 2

Have you ever bought something you were excited about only to find out that a better, newer version was available? Tell us about it!

In what ways do you think middle schoolers find value in what they have or don't have?

How might believing the lie that "you are what you have" cause you to compare yourself to others?

In your own words, how would you describe what it means to feel insecure?

How can comparing what you have to what others have led to feelings of insecurity?

What might change if you believed your value came from who God says you are?

Next Step: What would it look like for you to trust God to provide for your needs?
